

LTSN Engineering

John Dickens
Centre Director

Aims

- Collating and disseminating *good practice* and innovation
- Providing co-ordination and *support* for the embedding of quality learning and teaching
- Theme to promote the integration of Sustainability into the engineering curriculum

On Line Resources

- Web
www.ltsneng.ac.uk
- Resource Database
www.ltsneng.ac.uk/er/resources/

Some entries on Sustainability

Funding Opportunities

- Mini Projects
- Special Interest Groups
- Commissioning Case studies

- Seeking further funds for specific Sustainability activity through the Higher Education Academy

Practice Sharing

- Networks - Contacts in 81% of engineering departments and 92% of HE institutions
- Events

Conclusion

- LTSN Engineering will seek to provide resources and activities to facilitate the integration of sustainability into the HE engineering curriculum
